Last date for submission: 08-MARCH-2024

Eligibility and Selection Process:

- The candidates should have completed their graduation in the year 2022, 2023 or 2024 in any stream; B.E / B.Tech (any branch), B.Sc (Computers), M.Sc (Computers), BCA, MCA or Other Branches.
Note: The program does not focus on any candidate pursuing any degree, looking for candidates already college-passed out with a proper degree.
- The candidates should be ready to attend offline classes at Full Stack Academy, Tolichowki branch, Hyderabad for the training period of 3 to 4 months.

There would be 2 stage selection process:

1. Screening test – This will be a written examination consisting of 60 Questions which has to be completed in 90 Minutes. All questions covered from Topics like English Grammar, Arithmetic, Reasoning, Basic programming, and Computer fundamentals. The minimum 60% mark is mandatory to get selected for the next round. No negative marking.

2. Personal Interview – A one-on-one Interview will be conducted to evaluate the seriousness and commitment of the candidate to pursue the course and be ready for the job.

- There won't be any cost/charges for students to write the screening test and Interview round.
