PROFILE

Enthusiastic graduate with a passion for MERN Stack development. Seeking challenging opportunities to contribute skills for organizational growth. Committed to continuous learning and making a positive impact in web development.

PROJECTS

E-COMMERCE PLATFORM DEVELOPMENT (FLIPKART CLONE)   Jan '24

Developed a responsive e-commerce platform, replicating Flipkart using the MERN stack. Utilized React.js, Material-UI, and Redux for frontend, and personally implemented Node.js, Express.js, and MongoDB for a robust backend. Integrated the Paytm payment gateway for secure transactions, showcasing adept full-stack development and meticulous attention to detail in crafting a sophisticated e-commerce solution. Deployed on Cyclic.

CURRENCY CONVERTER APP   Dec '23

Developed a responsive web application using HTML, CSS, and JavaScript. Integrated an external API for real-time exchange rates, enabling users to effortlessly convert currencies with an intuitive interface. Demonstrates skills in front-end development and API integration. Deployed on Netlify.

ADVICE GENERATOR APP   Nov '23

Developed a responsive advice app using React.js, following Frontend Mentor's design and integrating the Advice Slip API. Submitted & deployed on Netlify, showcasing skills in responsive design and API integration.

CERTIFICATION

MERN Stack Development
Full Stack Academy
Jul '23 - Nov '23
