SUMMARY

Motivated and aspiring Cloud Engineer with a quick learning ability and a solid foundation in the AWS cloud platform, eager to apply my knowledge in a professional setting. I possess robust knowledge of cloud platform such as AWS, gained knowledge through coursework and hands-on projects. I am excited to contribute to the design, implementation, and management of cloud infrastructures while continuously learning and growing in a dynamic industry.

SKILLS

Linux | AWS Cloud Services | Cloud Computing | Bash Scripting | Python | Git | Maven | Jenkins
Strong Interpersonal & Communication skills

PROJECT

Successfully hosted a web application on AWS Cloud platform.

AWS Services used:

- VPC - Created a Virtual Private Cloud (VPC) with two public subnets & two private subnets in two availability zones.
- EC2 Instances - Deployed instances in private subnets with auto-scaling group for enhanced security and performance.
- Load Balancer - Implemented an application load balancer to evenly distribute traffic to EC2 instances, optimizing performance.
- Monitoring Services - Integrated CloudWatch and SNS for monitoring and notification services.

WORK EXPERIENCE

AWS DevOps Intern - Full Stack Academy, Hyderabad

Present

Enhancing & improving my technical skill set in the field of Information Technology. Gaining experience in DevOps and AWS services including but not limited to:

- Compute service like EC2 (Elastic Cloud Compute)
- Understanding of cloud networking concepts such as VPC, Subnets, Security Groups, Load Balancers, and Proficiency in configuring and troubleshooting network-related issues in the cloud environment.
- Knowledge of cloud security best practices like Identity and Access Management (IAM), using which we can implement security controls to protect cloud resources and data.
- Experience with monitoring tool like AWS CloudWatch and able to set up alerts for proactive monitoring and troubleshooting using SNS.
- Familiar with DevOps practices, including CI/CD, Git, Maven, Jenkins.

Telecom Trainer - MCS Technologies, Hyderabad

08/2017 – 12/2019

- Hire and train undergraduates on Telecom infrastructure skills.
- Network Antennas, Site Survey.

EDUCATION

Bachelor's Degree - Electronics & Communications Engineering (AHCET, Hyderabad)

2012 – 2016

ACHIEVEMENT & ABILITIES

- Achieved overall band score of 6.5 in IELTS, in the "first attempt"
- I do possess few abilities such as I am a Fast learner and a Detail-oriented individual
