PROFILE

As a fresh graduate from Osmania University I am looking for a job role within the industry to utilize the theoretical and practical skills, sense of responsibility and efficiency and also will enable me to creatively showcase talents all the while challenging me to adapt new skills and processes needed to advance within my chosen career path and simultaneously help the organization to grow.

Dedicated Data Analyst identifying efficiencies and problem within data streams, while communicating needs for projects. Adept at receiving and monitoring data from multiple data streams, including SQL, and Excel data sources. Hoping to incorporate my skills which add growth and value to the organization and me.
