Coding

Coding encourages logical thinking and problem-solving, which can benefit many areas of life.Coding skills are in high demand, and having them can open doors for career paths in tech.

Profile

As a passionate MERN stack developer with 0-1 years of experience, I thrive on creating dynamic and responsive web applications that enhance user engagement and drive business goals. I specialize in leveraging the MERN stack (MongoDB, Express.js, React.js, Node.js) to build scalable and high-performance web applications. I also have experience with RESTful APIs, GraphQL, and version control tools like Git.

Education

2020 – 2023 Hyderabad	**Bachelor of Science(Computer Science)** *Shadan Degree College For Women*
