👤 PROFILE

A meticulous and highly skilled Full Stack Web Developer with a Bachelor of Computer Applications degree, specializing in the MERN stack. With more than 12:00 hours of hands-on coding experience, I bring a strong dedication to my work. I thrive in team environments, where my collaboration skills contribute to the successful delivery of projects. Currently, I am seeking a job opportunity within a tech-driven organization where I can leverage my skills to further my career and expand my technical expertise.

📁 PROFESSIONAL EXPERIENCE

" Highly motivated and detail-oriented MERN stack developer with internship experience. During my internship,

- Building scalable and efficient web applications using MongoDB, Express, React, and Node.js
- Collaborating with teams to design, develop, and deploy projects
- Troubleshooting and debugging code to ensure high-quality deliverables
- Staying up-to-date with industry trends and best practices
