### **SUMMARY:**

"The goal is to turn data into information, and information into insight."

I am a BBA graduate with a specialization in Finance (2024), bringing a solid foundation in business administration combined with a strong analytical skill set. After graduation, I pursued a passion for data analytics, building hands-on expertise in transforming raw data into actionable insights.

During my data analytics training, I acquired a versatile skill set, including:

Programming & Analytics: Proficient in Python, including libraries like pandas and NumPy for data manipulation and analysis.

Data Querying: Experienced in SQL for extracting, managing, and analyzing structured data.

Data Visualization & Reporting: Skilled in Power BI and Tableau, creating interactive dashboards that convey key insights.

Machine Learning: Developed basic machine learning models to understand patterns and predictive insights.

Advanced Excel: Leveraged Excel for complex data analysis and reporting.

With my combined knowledge in human resources and data analysis, I am eager to contribute to data-driven decision-making and support teams in deriving valuable insights to improve business outcomes.
