## Projects

### ERP Implementation,

*Ref : To Amazon India*

- An ERP implementation is a huge commitment from the organizations.
- It causes millions of rupees and it takes several years to complete.
- The benefits can be enormous after ERP implementation.

**Analyzing the Taxation System,** *Ref : To Concerning growth and promotion of under Developed Countries.*

- Examining the impact of varying tax rates, Particularly on corporate and personal income , reveals their significant role in shaping investment choices for both domestic and international investors.
- Analyzing the connection between tax revenue and government spending, reveals how efficient tax policies can enhance the development of public infrastructure and social services.
- Indirect taxes seem to be more appropriate than direct taxes for developing countries.
