Bachelor of Technology in CSE (CGPA-8)

December 2020 – May 2024

Tirupati, Andhra Pradesh

Narayana Junior College

Intermediate (CGPA-9.0)

June 2018 – March 2020

Nellore, Andhra Pradesh

Projects

DeepFake Detection Model

January 2024 – May 2024

- A Deep Learning model that is used to detect deep fake in the metadata like images and videos.
- Coordinated stakeholder meetings effectively, providing opportunities for input and addressing concerns promptly to maintain forward momentum on projects.
- Adapted project plans quickly in response to shifting organizational priorities, demonstrating flexibility and a willingness to embrace change when necessary.

T20 World Cup Cricket Data Analytics

- * Created a Power Bi report to identify the top 11 players for a T20 cricket team by scraping data from ESPN Cricinfo with a bright data website tool, cleaning and transforming the data with pandas, and evaluating various player performance metrics.
- * Used the resulting Power Bi dashboard to select players for various categories opening, middle order/anchors, finishers, all-rounders, specialist fast bowlers and ultimately choose the top 11 players to play in the match
- * Selected team using the Power Bi dashboard has 90 percent of chances to win the game.

HR Data Analytics - HR Domain

- Designed a Power Bi dashboard to track employee data for the HR team, including working hours, attendance, performance and leaves.
- The dashboard streamlined HR process and increased efficiency.
- This dashboard can save 3-4 hours of work for the HR daily.

Internship

Kodnest and APSICHE | Java Full Stack

- Achieved successful sedation outcomes by skillfully administering regional blocks such as spinal, epidural or nerve blocks when indicated.
- Spearheaded efforts toward achieving full regulatory compliance by thoroughly familiarizing self with relevant industry standards and ensuring their consistent application across the entire manufacturing process.

Developer Catalyst

- Debugged complex software issues, leading to a more stable product release.
- Participated in regular code reviews, ensuring high quality standards were consistently met across all development efforts.
- Adapted quickly to new technologies and programming languages, enhances overall team productivity.

Certifications

Microsoft - Azure Data Scientist

Cisco - Data Analyst

Salesforce - Developer Catalyst

Kaggle - Python
